Pre-show Worksheet

[DATE \@ "M/d/yyyy"]

Meeting

American Society of Health-System Pharmacists (ASHP)

Mid-year Clinical Meeting (MCM)

December 6-9, 2004

Orlando, Florida

Meetings/Audience: - The MCM is the largest meeting of pharmacists in the world. Around 10,000 registered pharmacists, thousands of pharmacy students, and a total of 20,000 people attend this meeting each December. Midyear Clinical Meetings have tracks of ASHP-developed educational programs that are not industry sponsored. However, several opportunities exist for the industry to hold satellite symposia. Papers describing clinical research underway are displayed in the exhibit area during the meeting.

Next year's meeting is:

Summer Meeting

June 11-15, 2005

Boston, MA

MCM

December 4-8, 2005

Las Vegas

Featured Products/Messages

Generics

Hydrocodone – Display message: “Trust in our strengths and soar with the #1 dispensed generic in the U.S. ...hydrocodone/APAP from Mallinckrodt”.

Exhibit representative message – “Mallinckrodt has an extensive line of hydrocodone/APAP strengths and ours is the #1 dispensed prescription drug product on the market.”

Oxycodone – Display message: “One for all, all from one...responding to your oxycodone needs.”

Exhibit representative message – “Mallinckrodt has an oxycodone product for every patient need and you can get these products from one source ...us.”

Packaging – Display message: “The products you want, the packaging you need.”

Exhibit representative message – “Mallinckrodt is responding to your needs by offering alternative packaging options, including unit dose, punch cards, and bulk with bar coding down to the unit of use.” Advantages:

- Decreases dispensing errors
- Decreases labor costs
- Increases time for patient care

- 1000 Tofranil Flip Clip Pens – MK8526

Budget/Expense – This meeting is budgeted through Market Development – account #157-011-24-0958.

Opportunities

In 2004, MI had limited interaction with ASHP. During the Summer meeting, ASHP Advantage organized an advisory panel of leading directors of hospital pharmacy to help craft a marketing strategy for MI's generic pharmaceuticals in the health systems channel. Since its inception in 1942, ASHP has helped shape the course of the pharmacy profession, establishing itself as a leader in the development of practice standards and quality products and services. Because of our activities and interactions in policies and issues with this audience, we have access to the decision makers that can influence the purchase and use of our products as well as influence the education of pharmacists. Partnership with ASHP will enable us to access pharmacists who make purchasing decisions in a variety of health system settings.

Issues and Policies – The current key issue for ASHP is patient safety.

Attire – Plan attached

Next Steps:

- Upon approval, FL to resize graphics.
- FL to price out puzzle piece people oxycodone (Lori).. - DONE
- FL to recommend higher end premiums for all products.
- FL to recommend premiums for Compounding Powders including hour glass. (Tim)
